Details

Prepare 10-15 slides introducing your project, explaining your methodology, key findings of your statistical analysis and recommendation(s) about what action should be taken based on your findings. You will then record your presentation that will last about 10 minutes. All members of the group are expected to participate in the recorded presentation. Presentation will be intended to the audience group from business who are not interested in technical aspect of the analysis but rather main advantages it suggests for more profitable business opportunities.

Upload your presentation file and (link to) your recorded presentation.
